

Code	Diameter	Arbor
E100	4" 100mm	5/8" - 7/8"

cuts:  
Porcelain  
Natural Stone

## Safety, Use & Warnings

Inspect and understand blade markings before use.

Inspect blades frequently to ensure there are no cracks, warping or damaged areas of the blade.

A damaged blade can cause serious personal injury!

Do not "side grind" or twist the blade while cutting. Cut straight only.

Ensure to comply with ANSI B7.1, B7.5 and all relevant OSHA regulations. Wear all necessary protective equipment, using blade guards and always following the instructions provided by the manufacturer of the saw which the blade is mounted to. Never exceed the MAX blade RPM.

Use the blade only to cut the intended material, which are:  
Porcelain, Ceramic, Granite, Travertine and Marble.

Dressing the blade is required to maintain optimal cutting performance.

This product contains some or all of the following metals:  
Nickel, Tin, Tungsten, Carbide, Copper Cobalt. Dust generated from cutting is known to the State of California to cause cancer.

Silica exposure from cutting is dangerous and can cause respiratory problems.

Misuse of the blade in any form will void the product warranty.
